

## ‘World of Color’- It’s Delicious

Anaheim, Calif. (June 7, 2010) — “World of Color” is all about color, music, water, fun and the pleasures of Disney storytelling. To make the experience even more wonderful at Disney California Adventure park, it can be paired with delicious food and beverage selections. Before arriving at the park, guests also will be able to pre-purchase a meal that comes with reserved viewing for “World of Color.”

Guests may choose from several different meals that include reserved viewing in Paradise Park. These provide a magical dining experience along with a choice vantage point from which to enjoy the new “World of Color” after-dark spectacular. Other fun treats include “World of Color” novelty drinks, snacks and accessories.

Meals with reserved viewing are limited in availability, at these locations:
