

Disneyland Resort: A Fact Sheet for 2013

A Fact Sheet for 2013

When Walt Disney opened Disneyland, the original Disney theme park, on July 17, 1955, he said he hoped it would be “a source of joy and inspiration to all the world.” He famously observed: “Disneyland will never be completed...as long as there is imagination left in the world.”

Since 1955, the Disneyland Resort has welcomed more than 650 million guests. It has expanded to become an approximately 500-acre, world-class, multi-day, family vacation destination, complete with two renowned Disney theme parks, three hotels and the exciting shopping, dining and entertainment district known as Downtown Disney.

With the completion in June 2012 of the Disney California Adventure Park expansion, including Cars Land, the parks of the Disneyland Resort offer guests more classic characters, more storytelling, more attractions and more of the unique Disney heritage that gives Disney theme parks their special personality.

Disneyland Park - Upon its opening on July 17, 1955, Disneyland introduced a new concept in family entertainment and launched the theme park industry. Disneyland presented 18 major attractions on its Opening Day including the Mad Tea Party, the Jungle Cruise, Autopia and the Mark Twain Riverboat, and it featured five themed lands: Fantasyland, Adventureland, Tomorrowland, Frontierland and Main Street, U.S.A. Today, Disneyland is an evolving 85-acre American institution featuring more than 60 adventures and attractions in eight themed lands, having added New Orleans Square in 1966, Critter Country (originally Bear Country) in 1972 and Mickey's Toontown in 1993. Favorite attractions include Pirates of the Caribbean, Star Tours, “it's a small world,” Indiana Jones Adventure and the mountain range of thrill rides: Matterhorn Bobsleds, Space Mountain, Big Thunder Mountain Railroad and Splash Mountain.

Disney California Adventure Park - Since its opening in 2001 with such popular attractions as Soarin' Over California, California Screamin' and Grizzly River Run, Disney California Adventure has been bringing adventure and fun to life with Disney storytelling magic. The extremely popular Twilight Zone™ Tower of Terror attraction debuted in 2004.

With the addition of Cars Land and Buena Vista Street in 2012, the park features more than 35 adventures and attractions plus distinctive entertainment and dining. Cars Land, based on the Disney•Pixar movie “Cars,” offers three attractions: Radiator Springs Racers, Luigi's Flying Tires and Mater's Junkyard Jamboree. Buena Vista Street creates a new entry to the park, highlighted by the Carthay Circle Restaurant and Lounge

With the completion of a multiyear expansion project in 2012, Disney California Adventure has grown from its original three themed lands – Golden State, Paradise Pier and Hollywood Pictures Backlot – to a total of eight lands including the 12-acre Cars Land and Buena Vista Street, “a bug's land” (which opened in 2002), a renamed Hollywood Land, Condor Flats, Grizzly Peak and Pacific Wharf (all formerly parts of the Golden State area) and Paradise Pier.

The expansion of Disney California Adventure (announced in 2007) launched with the 2008 opening of Toy Story Mania!, an interactive, ride-through attraction where guests enter into a 4D carnival midway hosted by the “Toy Story” characters. In 2010, the expansion continued with the debut of “World of Color,” an award-winning, nighttime water spectacular featuring nearly 1,200 fountains that bring Disney animation to life. In 2011, Disney opened The Little Mermaid ~ Ariel's Undersea Adventure, a “dark ride” that transports guests “under the sea” to experience scenes and beloved songs from the Little Mermaid film.

In addition, several attractions in Disney California Adventure received new Disney themes during the park's expansion. The Paradise Pier district now features Mickey's Fun Wheel, Silly Symphony Swings, Goofy's Sky School and Disney-themed Games of the Boardwalk.

Downtown Disney District -This lively, colorful, admission-free district of exciting restaurants, shops and nightclubs is centrally located between the Disneyland Resort theme parks and hotels. The 20-acre, 300,000 square-foot avenue features approximately 50 distinct venues including AMC Theatres, Catal Restaurant, ESPN Zone, House of Blues, La Brea Bakery Café, Rainforest Café, Ralph Brennan's Jazz Kitchen, Tortilla Jo's, Build-a-Bear Workshop, Naples Ristorante e Pizzeria, WonderGround Gallery and, of course, the World of Disney store. The Earl of Sandwich eatery opened in fall, 2012.
